

WE TREAT GOD HEALS

From the leaders....

God has graciously led us all into another year 2013. He has enabled us to bring out this newsletter named 'CF Connect', yet another new thing in our campus.

Dear friends, look at the new things the Lord is going to do. Isaiah 43:19 says, "Behold, I will do a new thing. Now shall it spring forth. Shall you not know it? I will even make a road in the wilderness and rivers in the desert." We need to understand that God is far more interested in our future than our past. Put on Christ Jesus, grow in sanctification. Some of the memories of the past may not be beneficial and it even can be painful. Human mind without His grace cannot understand God's plan especially when we go through difficulties. We need Grace to persevere. God's specialty is making 'new' from the 'old' one. Not repair but 'transformation'. He made everything out of nothing. He created man from clay and gave life to him. It is almost impossible to find a way in a desert and a stream in a waste land, but prophet Isaiah says God will do it. God can do great and wonderful things in your life. May this motivate you to seek a new vision and a new interest in the things of God.

- Dr. Thomas Philip, Medical Superintendent

Food for thought..... A Big God.

This is a story about a little girl who, on the way home from church, turned to her mother and said, "Mommy, the Preacher's sermon this morning confused me."

The mother said, "Oh! Why is that?"

The girl replied, "Well, he said that God is bigger than we are. Is that true?"

"Yes, that's true," the mother replied. "He also said that God lives within us. Is that true too?"

Again the mother replied, "Yes."

"Well," said the girl. "If God is bigger than us and He lives in us, wouldn't He show through?"

Think..... does our Big God show through us every day???

Praise God for....

-  His continuous guidance in the hospital work.
-  Patients who opened their hearts to the gospel.

In The Early Hours

In the early hours . . .
before the day is born
while the moon still shines
before it is a new morn.

While our minds are calm,
and our hearts are at peace
while our thoughts are warm
and our anxieties have release.

That is when we should rise,
and meet with God in prayer
sending Him our heartfelt praise
and our burdens for Him to bear.

God wants to meet with you,
in the early morning hour
so He can give you strength
and fill you with His power.

In the early hours . . .
before the day is born
look up and praise the Lord
before every new morn.
